## EDUCATION

### Faculty of Applied Mathematics and Computer Science. Applied mathematic Belarusian State University

09/2023 - Present

Minsk, Belarus

#### Information

- Courses: Algorithms and Data Structures, Industrial Programming, Computer Science, Mathematical analysis. Solutions of tasks can be found at GitHub.
- Grade point average - 8.0 (out of 10).

## PERSONAL PROJECTS

### Skvoznaya (09/2024 - 01/2025)

- Console and graphical application for solving equations derived from various file types and recording their results. Project can be found at GitHub.

## VOLUNTEER EXPERIENCE

### Website Administrator Volunteer School №4

09/2022 - 05/2023

Baranovichy, Belarus

#### Achievements/Tasks

- Monitored and maintained the website to ensure smooth operation and up-to-date information.
- Updated content regularly, including event announcements, schedules, and news.
- Troubleshoot technical issues and resolved them promptly, ensuring uninterrupted access for students, teachers, and parents.

## SKILLS

JUnit

Git

SQLite

MySQL

Java

C++

DSA

Stress-resistant

Scrupulous

Communicative

Capable of critical thinking

Teamwork

Adaptable

## ACHIEVEMENTS

### Mathematician (09/2021 - 09/2022)

Took 66 place out of 7.5 thousand participants in the Republican Mathematical Competition. Winner of various stages of Olympiads in Mathematic.

## LANGUAGES

Russian - Native

Belarussian - Native

English - B1

## INTERESTS

Data Analysis

Java Development

Software Development
